

BORON 10

**Micronutrient
Complex**

GENERAL USE INFORMATION – READ ENTIRE LABEL BEFORE USING THIS PRODUCT

GENERAL INFORMATION

Boron is a micronutrient critical to the growth and health of all crops. It is a component of plant cell walls and reproductive structures.

BORON 10 is a readily available source of boron for soil and foliar applications to field, vegetable, fruit, and nut crops.

RATE RECOMMENDATIONS

**CONSULT YOUR LOCAL FERTIZONA REPRESENTATIVE
OR OTHER AGRICULTURAL SPECIALIST FOR
SPECIFIC CROP RECOMMENDATIONS.**

FOLIAR APPLICATION: Apply up to 5 qts. per acre in sufficient water for thorough coverage. Use at least 1 gal. of water for each pt. of BORON 10. Early morning or late evening applications give the best results. Boron is not easily translocated within the plant, therefore multiple foliar applications at low rates during the growing season are most effective. Allow 14-21 days between treatments.

SOIL APPLICATION: Apply up to 3 gals. per acre in sufficient carrier to give complete coverage. Do not use in soil applications where it will directly contact the seed. Soil applied boron must be moved into the root zone to be absorbed by the plant. This can be accomplished by irrigation, rainfall, or tillage.

Optimum rate of application will vary. For best results, follow soil or plant tissue test recommendation to monitor specific levels of boron and maintain these levels for optimum plant growth.

WARNING: BORON 10 is recommended for use on field, vegetable, fruit, and nut crops at a maximum rate of 8 qts. per acre per application. However, excess amounts of Boron (B) can cause plant injury.

MIXING AND HANDLING INSTRUCTIONS

Put 1/3 to 2/3 of total required water volume in tank. Add recommended amount of BORON 10 and agitate until mixed. Add adjuvants, other fertilizers and pesticides if desired and agitate until thoroughly mixed. Fill tank with remainder of water.

CAUTION: Check chemical mixture compatibility using a jar test prior to application.

NET CONTENTS: 5 gals. (18.927 L)

DENSITY: 11.1 lbs./gal. @ 68°F

NET WEIGHT: 55.5 lbs. (25.174 KG)

GUARANTEED ANALYSIS

Boron (B) 10.0%
10% Water Soluble Boron (B)

Derived from: boron ethanalamine.

SDS available upon request.

WARNING

KEEP OUT OF REACH OF CHILDREN

Harmful if swallowed. Causes serious eye irritation. May cause damage to organs through prolonged or repeated exposure. Harmful to aquatic life with long lasting effects.

PRECAUTIONARY STATEMENTS

Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Do not breathe mist or vapor. Wash thoroughly after handling. Wear protective gloves/protective clothing/eye protection/face protection.

FIRST AID

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If exposed or concerned: get medical advice/attention. If eye irritation persists: get medical advice/attention.

IF SWALLOWED: Call a Poison Control Center or doctor if you feel unwell.

STORAGE AND DISPOSAL

Protect from freezing. Store above 40°F. Freezing will not harm product's effectiveness. Store in original container tightly closed, do not allow water to be introduced into contents of this container. Do not contaminate water, food, or feed by storage or disposal. Triple rinse (or equivalent), then offer container for recycling, or puncture and dispose in a sanitary landfill or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

NOTICE

READ ENTIRE LABEL BEFORE USE.
