

BLACKOUT

TURF

6-8-12 + Fe GUARANTEED ANALYSIS:

| | |
|---|-------|
| Total Nitrogen (N) | 6.0% |
| 6.0% Urea Nitrogen | |
| Available Phosphate (P ₂ O ₅) | 8.0% |
| Soluble Potash (K ₂ O) | 12.0% |
| Iron (Fe) | 3.0% |
| Derived from: Potassium Phosphate, Urea, Humate. 20% Humic Acids Derived from: Humate. Growth Stimulants: Cytokinins, Auxins, Gibberellins & Betaines. Derived from: ascophyllum nodosum. | |

DIRECTIONS FOR USE:

Fill container 2/3 full with water -
SHAKE VIGOROUSLY.

Fill remainder of container with water -
SHAKE VIGOROUSLY.

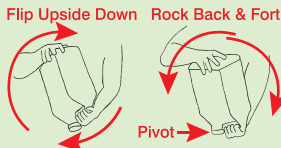

Fill the spray tank with one-half the required amount of water. Slowly add this product while agitating, then complete filling the tank with water. Add liquid fertilizer if being applied. Do not tank mix with herbicides. Do not mix **BLACKOUT TURF** directly with undiluted tank mix partners until you have "jar tested" in a separate container the proportionate amount of **BLACKOUT TURF** to make sure the products are compatible prior to tank mixing. Agitate and let stand 10 minutes. Settling that does not disperse indicates an incompatible mixture. Continue filling while agitating until all added products are thoroughly mixed into spray solution.

SUGGESTED USE RATES:

Golf Greens: 1 dry ounce treats 1,000-2,000 square feet.

Landscape, Turfgrass, and Ornamentals: 1 dry ounce per 2500 square feet every 30-60 days.

This container treats 1 acre of greens.

BLACKOUT TURF is a unique water-soluble powder that includes a balance of humic acid, fulvic acid, ascophyllum nodosum seaweed, N-P-K, and iron.

BENEFITS OF USING BLACKOUT TURF:

- Supplies balance levels of Nitrogen, Phosphate, Potash and Iron in a water soluble powder.
- Enhanced availability of plant nutrients.
- Stimulates plant growth, health, and resistance to stress.
- Provides a food source (freshwater carbon) for indigenous soil microbes.

WARNING

KEEP OUT OF REACH OF CHILDREN

May be harmful if swallowed. May cause irritation of eyes, nose, throat, or skin. Avoid contact with eyes, skin or clothing. In case of contact with eyes, flush with plenty of water. Consult a physician if irritation persists.

NOTICE: May cause staining on handlers' apparel and porous surfaces.
