

# AMS PREMIUM BLEND™

**DRY, WATER SOLUBLE BLEND OF AMMONIUM SULFATE • NONIONIC SURFACTANT • DEPOSITION AID • ANTIFOAMING AGENT • FOR USE WITH GLYPHOSATES AND OTHER POST-EMERGENCE PESTICIDES**

**SmartLine™ AMS Premium Blend™** is a water soluble blend of ammonium sulfate, nonionic surfactant, deposition aid and antifoam agent.

**SmartLine AMS Premium Blend** is formulated to improve the efficacy of glyphosate-based pesticides and other post emergence pesticides that recommend ammonium sulfate or nitrogen solution and nonionic surfactant.

**SmartLine AMS Premium Blend** contains nonionic surfactant, to help increase the biological efficacy of pesticides.

Ammonium sulfate in **SmartLine AMS Premium Blend** helps to reduce tank mix antagonism.

The antifoam agent in **SmartLine AMS Premium Blend** reduces the formation of troublesome foam.

**SmartLine AMS Premium Blend** is micronized to aid in solubility and speed of tank mixing.

Always read and follow all label directions, mixing instructions and precautionary statements of the herbicide being applied. SmartLine AMS Premium Blend may be used with applications labeled for agricultural, industrial, non-cropland and other uses where the herbicide label suggests, recommends or requires the use of ammonium sulfate as an adjuvant to improve pesticide performance. Not recommended for use with herbicides that do not suggest the use of AMS.

AMS Premium Blend™ and SmartLine™ are trademarks of Fertilizer Company of Arizona, Inc.

Rev. 10/28/2015

**98.73%** Ammonium sulfate, block polymer of carbonyl diamine, polyoxyethylene polyoxypropylene, beta-Hydroxy-tricarboxylic acid, polyacrylamide polymer, dimethylsiloxane

Available in  
51 pound bag.

The SmartLine AMS Premium Blend use rate must be determined by the pesticide label adjuvant recommendations and guidelines.

**When the pesticide label recommends AMS rate per 100 gallons or per acre:** Substitute SmartLine AMS Premium Blend at the EXACT rate. For example; when 17 pounds per 100 gallons or 2% v/v is suggested, use 17 pounds of SmartLine AMS Premium Blend per 100 gallons of spray solution.

**Mix These Amounts of SmartLine AMS Premium Blend per 100 Gallons:**

	10 GPA	12 GPA	15 GPA	20 GPA
<b>2.0 lbs/acre</b>	20 lbs	17 lbs	13 lbs	10 lbs
<b>2.5 lbs/acre</b>	25 lbs	21 lbs	17 lbs	13 lbs
<b>3.0 lbs/acre</b>	30 lbs	25 lbs	20 lbs	15 lbs

Notice: Many factors affect off-target movement of herbicides such as spray height, nozzle configuration, spray pressure, temperature, wind and thermal inversions. Always follow herbicide label directions to minimize spray drift. SmartLine AMS Premium Blend will not eliminate off-target movement.
